Inuktun VT100 MicroMag Crawler System

Pine Item #55454

DESCRIPTION:

The MicroMag robotic inspection vehicle is compact, waterproof and magnetic. It can be rapidly deployed for many applications that exclude most ordinary ROV's. It has been engineered to deliver vivid color imagery in real-time while travelling almost any direction on ferrous metal surfaces. This unique remotely operated device is steerable on vertical, horizontal and inverted surfaces even when piloted underwater.

FEATURES:

- Remote controlled
- Compact and portable
- Waterproof / submersible
- Magnetic adhesion on ferrous metal
- Operates vertically and inverted
- Vivid color video front and rear
- Intuitive software interface
- Familiar joystick controls
- High reliability
- Low total cost of ownership
