Antimicrobial Hand Sanitizer

Pine Item #79703

PREMIUM, E3 RATED USDA, NO-RINSE HAND SANITIZER WITH FLIP CAP

Our premium antimicrobial hand sanitizer is intended for use as a no-rinse hand sanitizer and meets or exceeds the requirements of the USDA to be used as an E3 antimicrobial hand sanitizer. This product complies with the W.H.O. specifications and requirements for an effective hand sanitizer.

With a consistency similar to water, this high-quality hand sanitizer is a pH balanced formula that is a mild blend of skin emollients and alcohols and contains glycerine, which leaves hands feeling soft and moisturized. The product is mild on skin, yet tough enough to exceed FDA/USDA efficacy guidelines for E3 hand sanitizer and antiseptic hand treatments.

FEATURES:

- CDC recommendations the importances of hand hygiene for preventing the transmission of pathogens which includes hand washing or the use of alcohol-based hand sanitizers
- Handy during cold and flu season to decrease infectious agents on the hand
