-  **Repels and kills bugs on contact**
-  **Easy-to-use 6 oz. continuous spray**

Ben's®

Clothing & Gear Insect Repellent 6 oz. Continuous Spray

Pine Item #80987 Continuous Spray, 6 oz.

Unit: Each

DESCRIPTION:

Ben's® Clothing and Gear insect treatment repels and kills biting insects on contact, including ticks and mosquitoes that may carry Lyme disease and the Zika virus. Rugged and powerful, this bug spray turns the gear you wear and carry into an extra layer of insect protection. The 0.5% permethrin formula bonds to fabric fibers and lasts up to six weeks through several wash cycles. With enough insect repellent to treat four complete outfits or two sets of gear, you can take off on your adventure knowing you're prepared to fight off disease-carrying insects with Ben's, the ultimate protector.

FEATURES:

- **The Ultimate Protector.** Head outdoors with Ben's, the ultimate protector from biting insects. Ben's is made in New Hampshire and torture tested in the White Mountains, the heart of bug country.
- **0.5% Permethrin Formula.** Repel mosquitoes, ticks, and other insects away from your clothes and gear with the CDC-recommended active ingredient, permethrin.
- **Long-lasting Protection.** Spray clothing and gear once for protection that lasts your whole trip. The permethrin formula bonds to fabric fibers for up to six weeks of protection through several wash cycles.

APPLICATIONS:

- **Kills Bugs on Contact.** Stay bug-free with a second line of defense that repels and kills disease-carrying insects like ticks and mosquitoes, as well as flies, gnats, and other insects.
