

## BONDI

*Bondi is one of our original huts and is a favourite of the 'surfie' guest, possibly because of the name. 😊 It has a private outside deck with a view over the Village Green & garden. It took a while for us to be fully satisfied with Bondi's interior, but we finally achieved the 'relaxed, beachy' feel we were after.*

*Originally called the "Board Room", we decided it needed something with a little more character – hence 'Bondi' was born.*

*Old Bondi of 2004 is barely recognisable compared to the lighter, brighter feel it offers today.*
