

SORRENTO

Sorrento was designed for the perfect, lazy getaway with someone special. It is one of two huts with carpet as we wanted a softer, more romantic feel to the room.

Sorrento has been the home of many newlywed partners after they've shared vows on our Village Green. We still have couples returning, 10 years later

to celebrate anniversaries. Most of them, however, will have upgraded to a two-bedroom hut.

Sorrento has a real element of WHY we do what we do – bringing people together.
