

Thank you all for the words of support and encouragement throughout the past few months.

Whilst we have remained open, it was certainly the quietest period in the history of our Beach Huts!

Since restrictions have lifted there has been an increase in bookings and we are happy to say the 'no vacancy' sign was displayed last weekend for the first time in quite a few months!

Please note, we are no longer providing a continental breakfast.

It was one of the changes made during this time & as a result we

have not proceeded with the annual industry rate increase.

You will still have milk/coffee/tea and a cold bottle of bubbly to

enjoy, along with all the usual facilities to make your own. 😊
