Pow-R-Clean is a true biodegradable super-cleaner with excellent penetration and a low streak/smear profile. Concentrated for great value, Pow-R-Clean will safely and effortlessly remove dirt, oil, grease, diesel soot, pine tar, bugs and other stains from most surfaces.

It works brilliantly, even in salt water!

**NON ACID • NON BUTYL • SAFE TO USE • INDUSTRIAL SUPER DEGREASER**

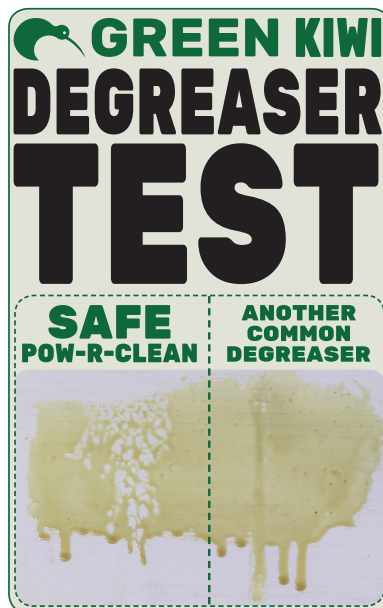

**POW-R-CLEAN • SAFE SUPER DEGREASER • MADE IN NEW ZEALAND**

Pow-R-Clean is our popular high-performance solvent-free degreaser, which has optimised Canadian ingredients to make it safe to use in all sorts of situations. Super concentrated and super versatile, it can be used neat for heavy work, at 33% or 25% for normal cleaning, or dilute it right down to 10% for light work.

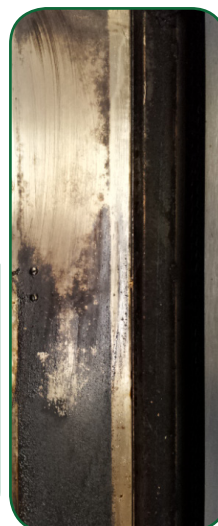

Pow-R-Clean works in any number of cleaning situations, for a great eco-friendly result on grease, oil, diesel soot, pine tar, bugs and dirt. Applications include cleaning and degreasing of workshop equipment, pits walls & floors, brakes, rubber & alloys, air filters, venetian blinds; even bicycles and motorbikes.

Pow-R-Clean is non-acid, non-butyl, contains no VOC's or acids and is safe on skin. It has a low DST which means it lifts dirt faster, and it's really safe – probably the only locally made solution which has passed the Canadian 96-hour Trout Test (how safe a product is when tested on trout fingerlings for 96 hours).

Warning: Causes mild eye irritation. Read label before use. Keep out of reach of children.

Pow-R-Clean: safer for the environment, biodegradable, VOC-free, concentrated (value for money) and proven to be highly effective in any number of cleaning applications.
