Safe Graffiti Remover is a high-quality product formulated to tackle heavy duty tasks, like the safe, effective removal of graffiti, stickers, glue/gum in schools, council properties and public areas, with little or no damage to the material beneath. Also available in handy packs of 48 wipes.

Porous Graffiti Remover is a new style of natural-based cleaner with a low odour profile, which safely & effectively removes graffiti, spray paint, marker pen, glue & gum from many tough-to-clean porous surfaces, including concrete and brick walls.

MADE IN NEW ZEALAND

**SAFE GRAFFITI REMOVER • SAFE GRAFFITI REMOVER WIPES • POROUS GRAFFITI REMOVER
BIODEGRADABLE • NON-FLAMMABLE • EFFECTIVE • VALUE-FOR-MONEY**

SAFELY & EASILY REMOVES UNWANTED GRAFFITI FROM:

- walls (including red bricks)
- floors
- carpets
- furniture
- upholstery
- wood
- concrete
- vinyl
- tile
- glass
- indoors/outdoors
- buildings/vehicles/boats

Apply easily using a spray bottle, rag, or one of our rugged wipes.

PAINT/INK/MARKER PEN REMOVAL:

- Apply liberally over graffiti.
- Wait 5-10 minutes.
- Scrub off with hard-bristled brush.
- Repeat till all paint layers are removed.
- High-pressure clean large areas (water).

GLUE, GUM, STICKER REMOVAL:

- Apply liberally over gum.
- Wait 2-5 minutes for gum to soften.
- Lift label/glue/gum with a putty knife.
- Reapply to any residue (Wait 2 minutes).
- Scrub off residue with a hard-bristled brush.
- Rinse with water.
- Carpets: wipe off with a damp cloth and blot dry.

WIPES:

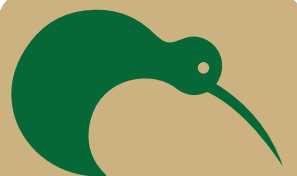

- Remove one wipe from bucket.
- Wipe on, agitate.
- Leave to penetrate.
- Rinse off with clean water.

REFER TO OUR SAFETY DATA SHEETS FOR MORE INFORMATION

POROUS GRAFFITI REMOVER:

- Spray liberally onto unwanted graffiti, or apply with a damp cloth.
- Wait up to 10 minutes for product to soak into the porous surface.
- Scrub with a brush as required.
- Repeat if necessary.
- Wash away with plenty of clean water.
