MADE IN NEW ZEALAND

Masonry Magic is an innovative new wicking solution designed to penetrate deep into porous masonry or concrete surfaces to safely lift and absorb all types of oil & grease stains permanently.

A unique biodegradable, non-toxic, non-flammable and VOC-free paste solution, it pulls stains onto the surface as it dries to a powder, without harming the surface or the environment.

Safe to use on most surfaces (except new asphalt), Masonry Magic will help get rid of those unsightly stains for good!

REMOVES EVEN TOUGH OIL STAINS FROM CONCRETE AND PAVING
BIODEGRADABLE • NON-FLAMMABLE • NON-TOXIC • VOC-FREE

Masonry Magic is a unique, innovative paste solution, designed specifically to penetrate deep into porous concrete and masonry to capture embedded oil and grease stains, then work them to the surface for easy removal.

Safe on all types of masonry and concrete surfaces. Masonry Magic is so easy to use. It simply sweeps away when dry. No scrubbing, no mess, no fumes, pet friendly.

USES INCLUDE:

- driveways
- garage floors
- patios
- decks
- parking lots
- shopping malls
- BBQ grease stains

DIRECTIONS:

- Paint or pour directly onto the stain location, so that it is totally covered in a thin coating.
- Leave to dry (usually 8-24 hours).
- Sweep, brush, scrape or scrub away all of the dried product from the surface.
- Rinse or hose with clean water for a stain-free surface.
