REST+RELAX:

Chronic stress is one of the most pervasive ailments of our society. Insomnia and anxiety affect millions of people, impacting every aspect of our day-to-day lives. By addressing the underlying disharmonies of an overworked mind, this formula helps to put you at ease. May alleviate insomnia, and help with symptoms of anxiety or stress.

500mg of Hemp Extract. With Ye Jiao Teng, Suan Zao Ren and He Huan Pi as the chief herbs in this formula, we are focused on nourishing the blood and yin of the liver and heart. Sheng di Huang and Xuan Shen are used with Zhi Zi to clear heat while also nourishing the yin of the kidneys. Mai Men Dong aids in nourishing the yin, while Wu Wei Zi astringes heart qi. Dan Shen is used to move the blood and alleviate stagnation in the chest.

REMY'S REVENGE:

Named after my son Remy, who has the rare genetic neurotransmitter disorder (STXBP1), this formula was created to alleviate what Chinese Medicine considers “wind disorders.” Wind (often seen as tremors, seizures, neurological disharmony or dizziness) are caused by many different sources. This formula works to clear wind, nourish the kidneys (specifically kidney yin), clear heat, resolve damp and anchor the spirit.

500mg of Hemp Extract. Shi Jue Ming, Tian Ma and Gou Teng work to stop the wind, while Mai Men Dong, Sheng Di and Nu Zhen Zi nourish the yin. Xiang fu, Bai Shao and Dan Shen move the blood and stagnation. Zhi Zi and Huang Lian clear heat from all three burners, Fu Shen and Tian Zhu Huang clear phlegm.

RELIEF REMEDY:

Cannabinoid oil has been well documented for its efficacy in pain management and we have added time-tested Chinese herbs to alleviate aches and pains. This formula focuses on calming pain and clearing cold wind damp bi in the back and legs by tonifying the kidneys, liver, Qi and blood. May alleviate the symptoms of: fibromyalgia, back or hip pain, leg cramps, back weakness.

Chinese medical theory states that “where there is stagnation there is pain” so we move blood with Yan Hu Suo, Ji Xue Teng and Bai Shao. We also nourish the blood and yin with both Sheng di and Shu di and Sang Ji Sheng, and strengthen the kidneys and low back with Du Zhong, Xu Duan and Gu Sui Bu. Gan Cao and Huang Qi help balance the formula and boost the Qi.

500mg of Hemp Extract

REVIVE:

Overwhelmed by chronic stress, many of us have been left exhausted and overworked. This formula supports what Chinese medicine considers Qi deficiency. May help with symptoms of chronic fatigue syndrome, adrenal fatigue, immune deficiency, chronic stress syndrome, etc.

By nourishing the kidneys and the spleen we can help you support the righteous qi, nourish the blood and strengthen the yin and yang of the body. Ginseng pairs with other tonic herbs (Ba Ji Tian, Ci Wu Jia, Huang Jing, Du Zhong and Shu Di) to support the qi and Chen Pi, Fu Shen and Bai Zhu to support the spleen.

500mg of Hemp Extract

COMPLETE SPECTRUM:

This is our “pure plant” formulation. We use the highest quality hemp on the market and cutting-edge spagyric formulation in order to provide all of the cannabinoids, terpenes, phytochemicals and micronutrients. This formulation is our base product and great for those concerned about Chinese Herbs interacting with their medications — or those just looking for a powerful daily tonic.

750mg of Hemp Extract

RELIEF REMEDY TOPICAL:

This powerful topical formula can be used as needed to soothe aches, pain and inflammation locally. This formula uses warming and blood moving Chinese herbs to promote the flow of qi and blood to relax the muscles. We combine dynamic herbs to move the blood (Tao Ren, Mo Yao, Ru Xiang, Hong Hua) with herbs to warm the channels and alleviate pain (Gui Zhi, Du Huo, Xi Xin and Chuan Jiao). Acrid herbs like Bai Zhi and Zhang Nao function to open the channels while Sheng Di Huang clears away heat and may help to reduce inflammation.
