Only disassemble in case of disposal.

This product uses lithium ion battery. Avoid disposing it and recycle the battery.

Parts Description

Body(Antibacterial)

[Front]

Fixing Clip(Antibacterial)

Charging USB Cable

Neck Strap Hook

Charging Method

1. Connect USB plug of the charging USB cable to USB port or output port of USB-AC adapter, mobile battery(sold separately).
2. Plug in USB plug of the charging USB cable to USB port of the charging stand.
3. During charging, the charging indicator light will flash white; after charging, the light will go out.
4. When fully charged, remove the body from the charging stand.

If the battery is stored for a long time without being charged, the charging lamp may not flash when charging again. The charging lamp will start flashing white again. If you continue to charge the battery and wait for a certain period of time, and will turn off when charging is complete.

⚠ Attention

- Do not forcibly insert the connector, as it may cause damage.
- Be sure to use the FRAIS MINI FAN USB power cable.

Lithium Ion Battery

- Battery cannot be replaced.
- Charge cycle is approx. 300 times. The length of time usable when fully charged gradually reduce.
- Recharging the battery with nearly full charged status could reduce the battery life.
- Leaving battery not charged for a long period of time would shorten the battery life. Charge the battery **approximately 50% once a month.**

Using Method

Fully charged before the first time usage.

Starting Power - ON

Press and hold the power button until the operation indicator lights up, and it will start to work.

Shutting Down - OFF

During operation, **long press** the power button to turn off the power.

Adjust the Wind Speed

Change the wind speed (3 levels) by pressing the power button.

☞ Weak → Medium → Strong ☜

Neck Strap Hook Usage

1. Open the connector on the attached neck strap, and fix the neck strap through the neck strap hooks on both sides.
2. After closing the connector, it can be used on the neck.

Fixing Clip Usage

- Referring to [Figure 1] Turn the angle adjustment knob in the direction of arrow ①. Follow the direction of the other arrow, adjust the angle of the handle holder, and then turn the angle adjustment knob in the reverse direction to lock.
- Insert the handle of the body into the handle holder and fix it. Be sure to insert vertically from the bottom of the body to the handle, as shown in Figure 2. Do not insert from the side of the main body, as this may damage the handle holder.
- The fixing clip can be installed in umbrellas, laptops, strollers, etc. Please refer to [Figure 3] to adjust the angle of the fixed position of the handle. [Figure1]

⚠ Attention

- Please clip it to an object with a thickness of 5 ~ 10mm, and make sure that the fixed clip is inserted to the deepest position.
- Since it is difficult to fix the clip to a soft or smooth object, before turning on the power, please make sure the fan is fixed. Do not use in an unfixed state.
- Do not forcibly bend, pressurize, etc. to avoid damage.
- Take care to avoid pinching your fingers.
- The company is not responsible for the direct or indirect damage caused by the use of the fixing clip.

Maintenance Method

1. Make sure the power is off. Do not apply any maintenance while charging battery.
 2. Use a fabric with neutral detergent diluted with water and wipe off to clean.
- * Do not use volatile organic solvent, such as thinner, alcohol, etc. It may cause deformation or malfunction.

Specification

Input Voltage : DC 5V 800mA
 Rechargeable Battery : Lithium Ion Battery
 Charging time : Approx. 1 hours 45 minutes
 Continued usage time : Approx. 1 hour 20 minutes ~ 4 hours
 Size : Approx. 60x60x85mm
 Weight : Approx. 61g (Body only)
 Material : ABS (Body, Blade)
 Set includes : Body, Dedicated fixing clip, Neck strap, Charging USB Cable, Instruction manual
 Antibacterial Parts: Body, Dedicated fixing clip

*Charging time may require extremely longer if the power supply capacity is low.

*Usable time vary depends on the wind power.

*The antibacterial effect does not last permanently, and not effective for all types of bacteria.

*The fan blade has no antibacterial effect.

*Aurora design is NOT antibacterial coated.

*Aurora designed products have individual differences in aurora coating.
