Southern tastemakers share the products they can't live without

1 FRIZZY

"My hair is best air-dried, but that can take hours. Wrapping it up in this microfiber towel reduces frizz and significantly cuts the drying time."

2 WAVY

"A hair tie without metal is a must. I sleep in a bun to create waves without the use of an iron. It's a smart trick for no-heat styling."
—María José Padgett, @officialzindagi Small Teleties \$8/pack of three; teleties.com

3 NATURAL

"The founder of Earth's Nectar is a Houston girl! This oil soothes dry scalp, makes hair feel amazing, and can be used on skin too."
—Brandy Gueary, @authentically.b Earth's Nectar Jojoba & Tea Tree Scalp Oil, \$19; jcpenny.com

4 FINE

"These one-dose tubes repair damage without weighing hair down. I apply as often as needed after washing and conditioning."
—Alice Kerley, @lone star.looking.glass Pantene Pro-V Intense Rescue Shots, \$5/pack of three; target.com

5 COLOR TREATED

"Moisture times 100! This lightweight leave-in conditioner is the perfect base to create smooth strands."
