Little Diva Designer Purses

You'll Need:

T85117 Snazzy Bolder Borders®
 Purse template (see following pages), poster board, spray adhesive, hook-and-loop dots, craft jewels or colorful buttons, and cord or colored shoelaces.

Directions:

Print the three-piece template on the following pages and tape the pieces together as outlined in the instructions on the following page.

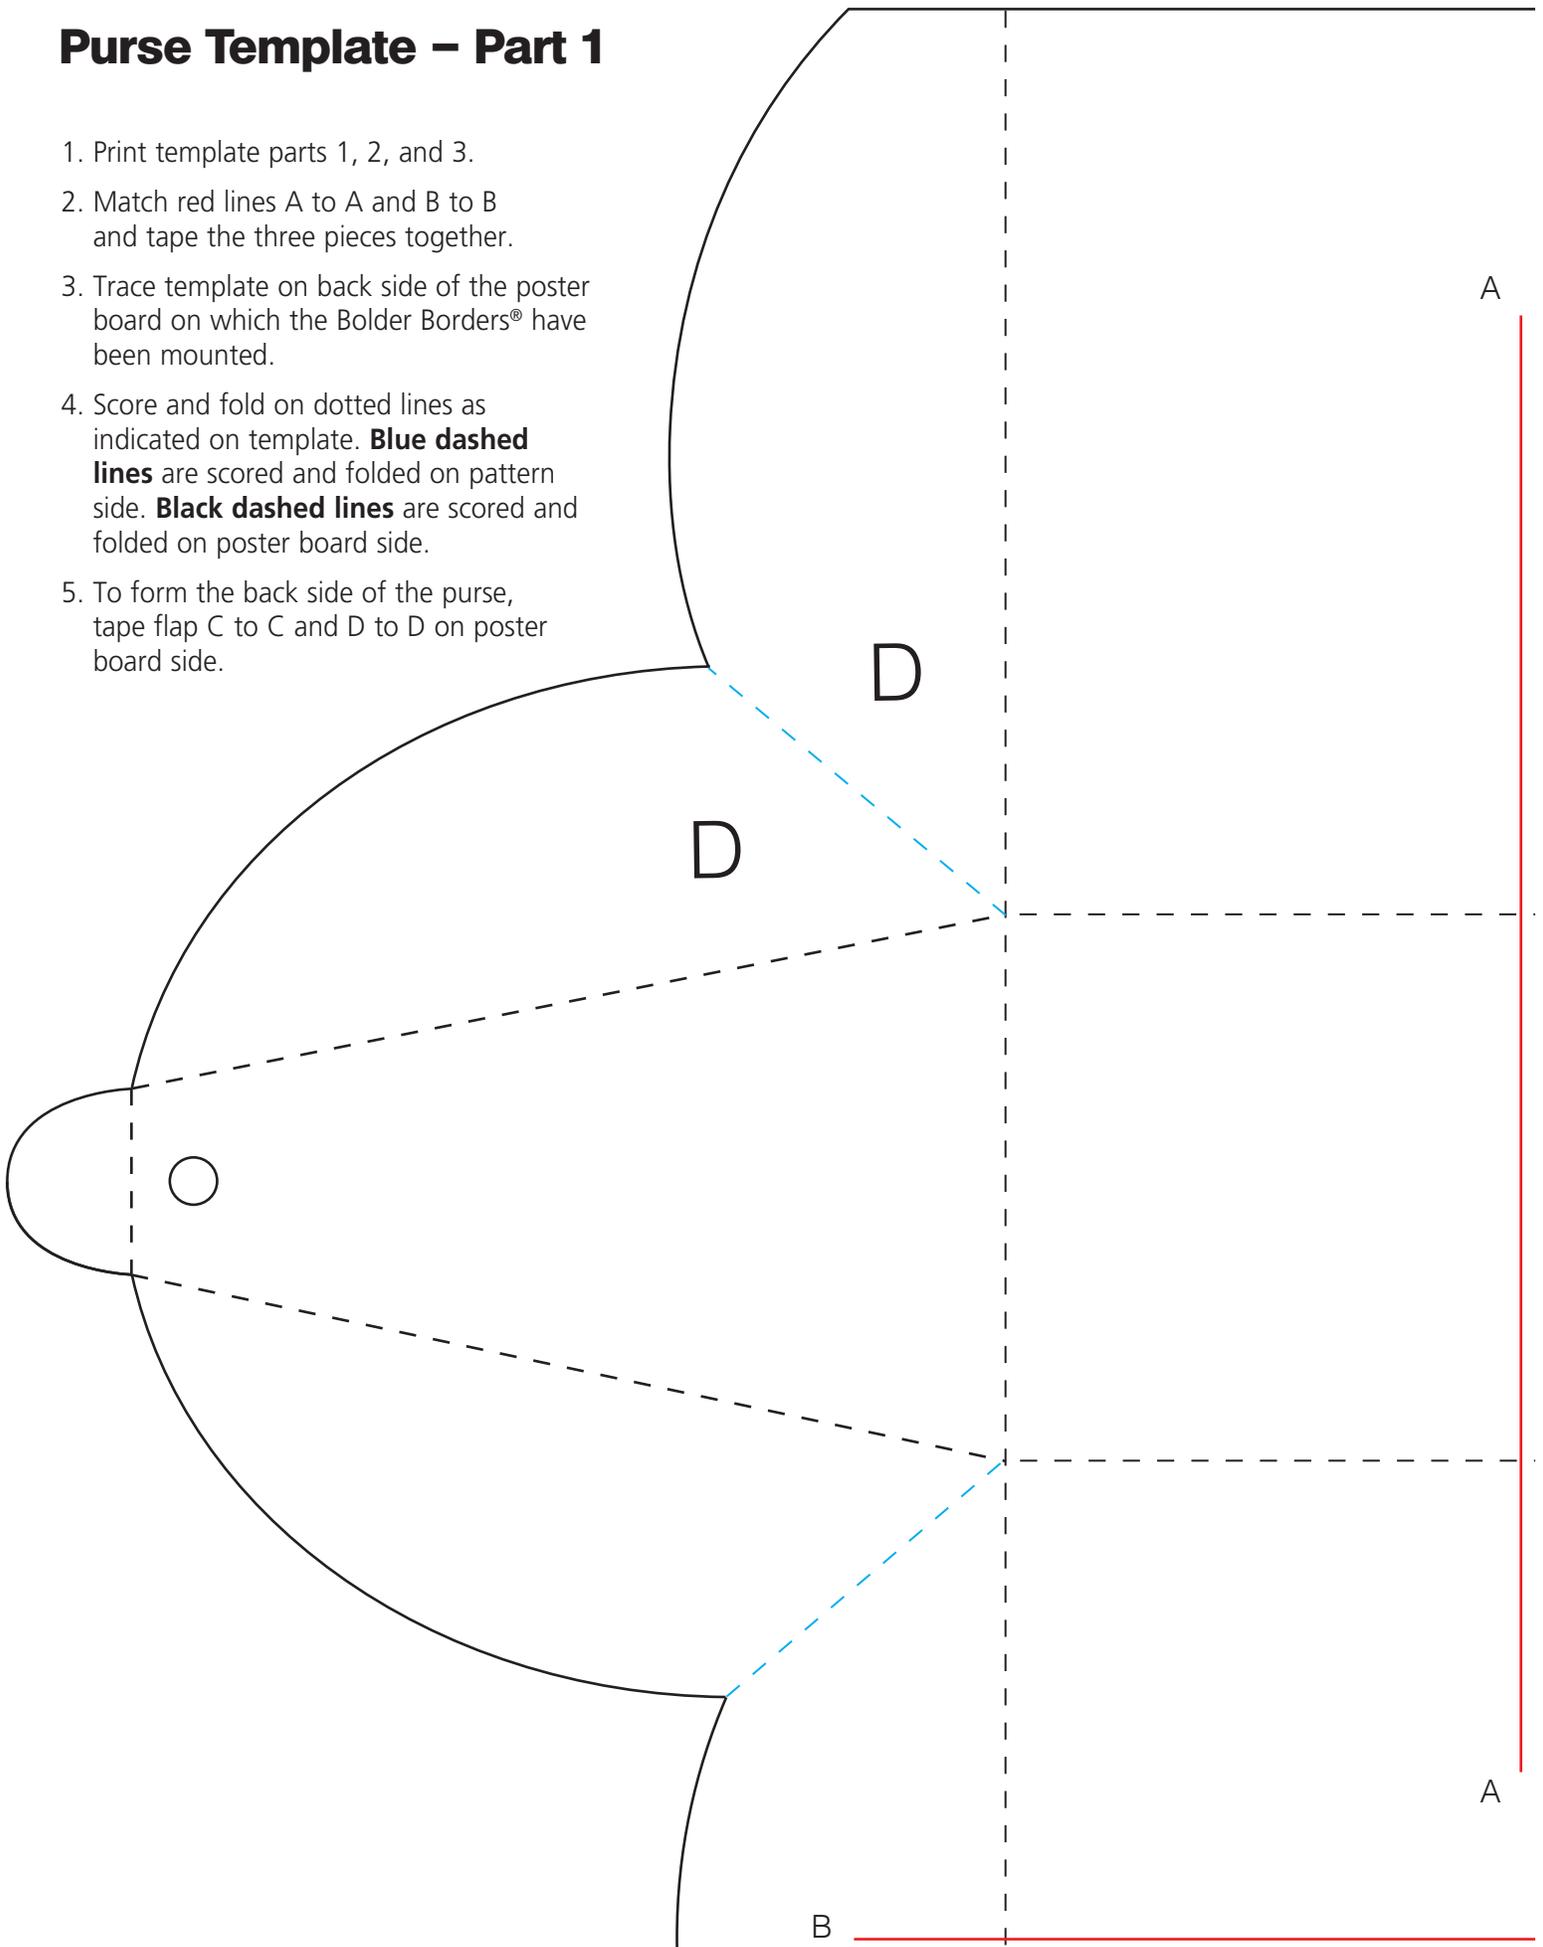

You will need a 20" x 20" area in which to work. Mount Bolder Borders® to a large piece of poster board, using the spray adhesive. Each purse uses approximately 5 strips. Trace purse template on back of mounted Bolder Borders® and cut it out. Following the template markings, score and fold.

To make the purse handle, punch a small hole on each side panel and insert cord. Secure cord on inside with a knot. Then secure purse's front opening with a hook-and-loop dot. For a touch of bling, add one or more craft jewels or colorful buttons to the front of the purse opening. Makes a 4 $\frac{5}{8}$ "H x 2 $\frac{7}{8}$ "D x 5 $\frac{3}{8}$ "L purse.

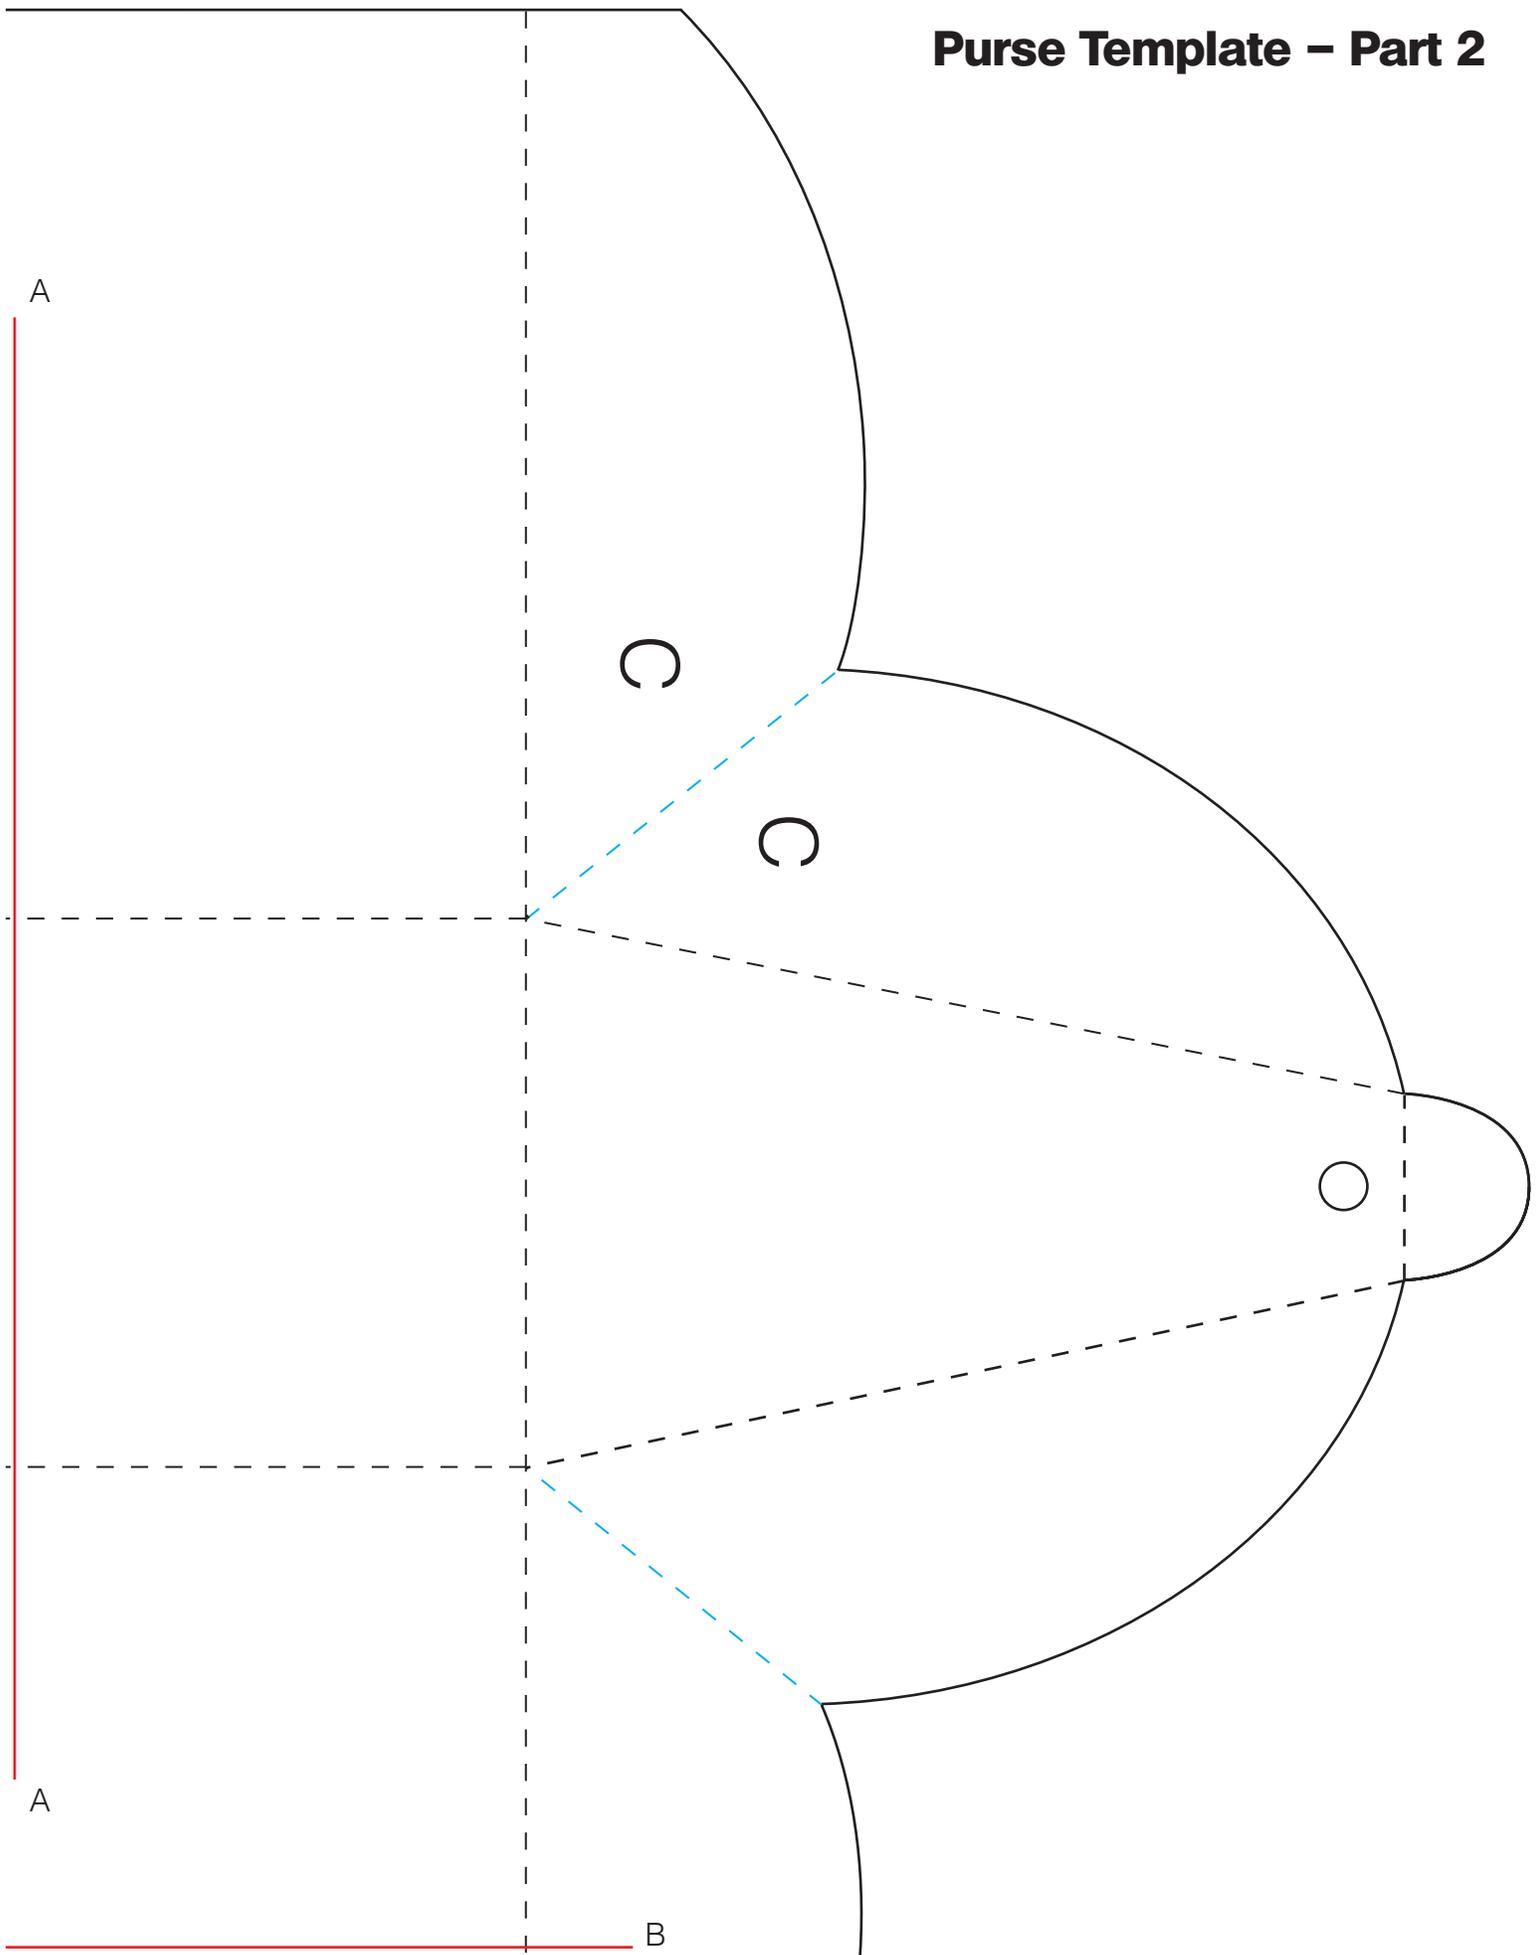

This little box is multipurpose. Great for games or for storing small craft items and play jewelry pieces.
