

# Learning FUN! Activity

What's not to love about tearing colorful leaves, especially when there's no right or wrong way to do it. Start with a tree and a sentence. Your students will enjoy completing the sentence and making falling leaves. Don't stop with one! There are more seasons to feature and sentences to finish. For example: In the winter, the **snow** covers the **tree** branches.

## Falling Leaves

### You'll Need:

T46177 Fall Leaves superSpots® Stickers  
T46194 Owl-Stars!® superSpots® Stickers  
White paper, 9" x 12" piece of black construction paper for background, brown construction paper for tree, multicolored construction paper for leaves, scissors, glue or double-stick tape

### Directions:

Start with the 9" x 12" piece of construction paper for the background. Create the tree by ripping pieces of the brown construction paper in the shape of the tree and gluing them to the black background.

Create the leaves by ripping pieces of the construction paper in the colors of fall and the shapes of leaves. Embellish with Fall Leaves and Owl-Stars!® stickers.

Write a sentence, leaving blanks for your students to complete.
