

Learning FUN! Activity

Music Center

Make music and perform it live!

Let's Write a Song!

Teacher-Directed Activity

Get ready to make beautiful music ... together!

You'll Need:

T8380 BlockStars!® Bulletin Board Set
 T11413 Gel Stars Terrific Papers®
 T10952 Music Symbols
 Classic Accents® Variety Pack
 Marker, pencils, and double-sided tape

Directions:

Want to become a songwriter? Start with a simple song and build to a grand crescendo!

- Use the musical BlockStars!® characters and music accents for inspiration. Come up with the first verse of

a song, deciding on the theme, number of lines per verse, and the rhythm.

- Break into groups of three or four.
- Each group writes a verse to the same song, matching the rhythm of the first verse.
- A volunteer from each group records the verse on paper. Then combine the verses to form a song.
- Now name that song and come up with a rockin' beat!

Make It Your Own:

Practice the song and then perform it before a live audience ... other classes, perhaps?

Use other BlockStars!® to inspire individual and group activities.
