

Learning FUN!

Activity

A picture-perfect way to celebrate family!

Family Frames

Teacher-Directed Activity

Show your family pride with this cheerful, framed display! Makes a great gift or keepsake.

You'll Need:

T10630 Fun Frames Classic Accents® Variety Pack
Photos, scissors, double-sided tape, marker, hole punch, and yarn

Directions:

Wouldn't it be nice if you could bring your family and pet dog to show and tell? Now you can with this stylin' display. Just add photos and you're good to go.

- Cut two pieces of yarn, about 20" each for a two-frame display. **Hint:** The frames are 5½" tall, so adjust the length of yarn for the number of frames being used.

- Label each frame and tape a wallet size photo in the center.
- Punch holes in top and bottom corners of the frames.
- Starting from the top, thread the first piece of yarn through the holes on the left side of the frame.
- Thread the second piece of yarn through the holes on the right. **Hint:** Leave a couple inches of yarn at the top, so you can hang the frames.
- Tie off ends with a bow.
- Showcase the snapshots and share a favorite family memory with the class!

Make It Your Own:

Go back in time! Make a frame display with each family member's baby picture. Don't forget your pet! It's fun to see how you've all changed.
