

## Hats Off For Numbers!

**ALL ABOUT 10**

NUMBER	10	TEN
IO FRAMES		
TALLY MARKS		
NUMBER LINE		
IO SMILES		

**Worksheets**      **Completed**

### ★ Featured Display

When it comes to teaching numbers, you can count on our sock monkeys to make it tons of fun.

- Display monkey with numbered hats 1-10 as shown.
- Ask students to match the numbered word from the set to the corresponding numbered hat. (Hook-and-loop tape is used to adhere numbered words.)
- Use an Index Card Wipe-Off® Chart to illustrate different ways to show numbers. In this case, it's all about the number 10.
- Create a colorful worksheet, asking students to fill in the blanks in the sentences with numbers. For example, "I read \_\_\_ books this month."
- Ask students to make or draw a character from the shape of their favorite number on the worksheet. Some of their drawings will knock your socks off!
