

My name is _____

Alphabet Maze

Find your way through the Alphabet Maze connecting the snowflakes from A to Z.

Start

The maze consists of 26 snowflake-shaped characters, each containing a letter of the alphabet. The letters are arranged in a grid-like pattern. A dashed blue line indicates the path from 'A' to 'Z'. The path starts at 'A' (top left), goes down to 'Z' (second row, first column), then right to 'B' (second row, second column), then down to 'C' (third row, first column), then right to 'D' (third row, second column), then down to 'E' (fourth row, first column), then right to 'F' (fourth row, second column), then down to 'G' (fifth row, second column), then right to 'H' (bottom row, second column), then down to 'I' (bottom row, third column), then right to 'B' (bottom row, fourth column), then down to 'Y' (bottom row, fifth column), then right to 'Z' (bottom row, sixth column). The 'Finish' label is located below the final 'Z' snowflake.

Finish

A snowman wearing a blue hat with a yellow band, a pink scarf, and holding a broom with a yellow head and a brown handle. It is standing on a patch of snow.

My name is _____

Alphabet Maze

Find your way through the Alphabet Maze connecting the snowflakes from A to Z.
Color the snowflake path, or all the snowflakes when finished!

Start

The maze consists of 26 snowflake shapes arranged in a grid-like pattern. Each snowflake contains a letter of the alphabet. A dashed line starts at the snowflake labeled 'A' in the top-left corner and winds through the maze to the snowflake labeled 'Z' in the bottom-right corner. The path is: A -> B -> C -> D -> E -> F -> G -> H -> I -> J -> K -> L -> M -> N -> O -> P -> Q -> R -> S -> T -> U -> V -> W -> X -> Y -> Z. There are several other snowflakes with letters that are not on the path, such as 'M', 'R', 'Q', 'R', 'Z', 'R', 'O', 'P', 'S', 'M', 'X', 'T', 'E', 'F', 'K', 'L', 'U', 'V', 'X', 'G', 'J', 'M', 'W', 'X', 'H', 'I', 'B', 'Y', and 'Z'.
