## 2015 COONAWARRA CABERNET SAUVIGNON

### Colour

Deep red with vibrant purple hues.

### Aroma

Dense aromas of anise and blackcurrant dominate this wonderfully aromatic Coonawarra Cabernet, complexed by tobacco and sweet vanilla notes.

### Palate

Beautifully textured tannins with lovely fine length, and an abundance of dark fruits with spice. Gorgeous and seductive.

### Food matching

A perfectly cook marbled Scotch Fillet steak, or a wonderfully simple dish of grilled pine mushrooms with herbs on some crusty bread.

### Cellaring

Dense aromas of anise and blackcurrant dominate this wonderfully aromatic Coonawarra Cabernet, complexed by tobacco and sweet vanilla notes.

### Wine Summary

Cabernet Sauvignon is Coonawarra's pre-eminent grape variety. Parcels of premium fruit are selected, fermented and then aged in French oak barrels to produce this full bodied and richly flavoured wine.

### Vintage Notes

A good even budburst was followed by a very warm dry spring, earlier than normal flowering and very even berry set. Warm days and cool nights throughout Autumn, combined with light crops and small berries provided great conditions for concentrated, aromatic wines.
