

THE SURVEYOR

2021 COONAWARRA CABERNET SAUVIGNON

The Surveyor pays homage to John Riddoch Rymill, who led the British Graham Land Expedition to Antarctica in 1934-37, where he surveyed the Antarctic Peninsula.

Aroma

Intense blackberry, cassis notes balanced with dried garden herbs, freshly roasted coffee beans and toasty french oak.

Palate

Deep, driving black forest fruits and brooding spice. Cased in beautiful oak notes of baking spices, fresh roast coffee and dark chocolate.

Concentrated fruit balanced against bold oak to provide a presence, length, and intensity. An excellent depth of complexity that will reward patient cellaring, this is a prime example of our flagship Coonawarra Cabernet Sauvignon

Food matching

Perfect with a slow grilled rack of wild venison, with cranberry and herb sauce.

Cellaring

Careful cellaring for up to twenty years will reward those with patience.

Wine Summary

During our most outstanding vintages, small parcels of our most promising fruit are set aside for special attention. Harvested at optimum ripeness, crushed, hand plunged in open fermenters then pressed and raked to oak. During the following 18-20 months maturation the most powerful barrels of these select parcels are pulled aside and combined to form the Surveyor blend.
