No battery monitoring stress - long battery life and low-batt indication\*.

### TECHNICAL SUPPORTS

Ready support through WhatsApp, emails and phone calls.

### 24/7 CALL CENTER SUPPORT

Optional subscription for 24/7 helpline and assistance.

## WHAT IS BLISSFULL LIFE ALL ABOUT?

In Blissfull Life, we adopt technology that is non-intrusive, non-invasive and simple to understand to enable independence and promote inclusiveness of our seniors especially when they are living by themselves.

## KEY FUNCTIONS

1

### PANIC BUTTON ACTIVATION

Send a series of alerts to caregivers immediately when the panic button is pressed during emergencies.

2

### INACTIVITY DETECTION

Sends an alert following extended periods of stillness that could indicate a fall or a medical emergency has occurred.

3

### ANALYTICS & INSIGHTS

Sensors learn and keep track of user's daily routine, provide valuable insights and help to take action before a problem escalates.

# WHAT IS IN BLISSFULL SENSE KIT

## MINI GATEWAY

Gateway serves as the bridge, to connect sensors and devices such as panic button to the Internet. Mini Gateway connects to Blissfull server through your home Wifi router.

## PANIC BUTTON

Lightweight, small, portable, battery operated and splash proof panic button with long range coverage ensure wireless signal can reach every part of your house.

## WALL-MOUNTED PANIC BUTTON

Panic button can be inserted into wall-mount bracket and you can have panic button fixed onto the wall at different part of the house such as toilet and bedroom.

## MOTION SENSOR

Lightweight and wide sensing coverage motion sensor can be easily placed in different part of the house to sense movement activities.

## DOOR SENSOR

Door open/close sensor detects when door opens or closes and it works in conjunction with the other motion sensors to detect when user is away from home.

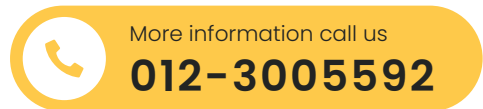

## TAG

Small, lightweight, splash-proof and battery operated Tag can be chained to house key and this provides another indication if the user is away from home.

# HOW IT WORKS?

Through activity sensors and panic buttons, Blissfull Life monitors and alerts family members and caregivers immediately during emergencies or when detected anomalies.
