ABOUT KAWAMURA

KAWAMURA CYCLE CO.,LTD, which was established in 1995, was a wheelchair manufacturer in Japan. In 1996, it applied the ultra-light 7000 series aluminium alloy used in aerospace industry in wheelchairs for the first time, which was highly acclaimed. In 1997, it added 10mm foam to seat-backs of all wheelchairs for the first time, which became general outfit of wheelchair industry later on. The company owns an advanced wheelchair inspection center that is capable of inspecting wearing resistance, weight bearing, impact resistance and other performances.

The company was listed in the Tokyo Stock Exchange successfully in 2004, Now it is a subsidiary of MAX CO.,LTD. Furthermore, the company has been accredited by Japanese Industrial Standards (JIS), Safety Goods (SG) Consumer Product Safety Association, ISO14001 Environmental Management System and ISO9001 Quality System.

In February 2001, the company invested and established ZHANGZHOU LEATAI MEDICAL INSTRUMENTS CO.,LTD, with a total investment of 6.2 million dollar and a floor area of 60,000m². The company is provided with advanced roentgenoscopy equipment, metal analyzer, RoHS material analyzer and other inspection equipments. ZHANGZHOU LEATAI MEDICAL INSTRUMENTS CO.,LTD is also accredited by Japanese Industrial Standards (JIS), Safety Goods (SG) Consumer Product Safety Association, ISO9001 and ISO13485 Quality System.

With "Safe Reassuring" and "Environmental-friendly" being its tenet, the company is dedicated to provide the customers with products of high quality and superior performance.
