

SARATTI

HOW TO FIND YOUR RING SIZE

Before you measure your ring size, make sure to use this guide printed in US Letter size and scaled to 100%.

You can verify the accuracy of your print by placing a credit card on the line below.

If the card aligns, you're good to go.

Place Credit Card Here

OPTION 1: FIND YOUR SIZE WITH AN EXISTING RING.

To find out the size of your Saratti ring, use a ring you already own that fits you well and match the inside of your ring with one of the circles below. Once your ring aligns with the right size, you should only see the white circle inside your ring. If your perfect fit falls between two sizes, we suggest choosing the larger size.

OPTION 2: MEASURE WITH A STRING

- Take a piece of string or tape and wrap it around the finger you intend to wear the ring on.
 - Secure the string in place and mark where both ends meet.
 - Measure the marked length, which is the inside circumference, using a ruler.
- Then, refer to the chart below to find your ring size.
