Our Story

As with most products, ours came about from a client's need. The loss of dignity created by having to use an adult potty chair prompted our design team to solve the problem.

...WITH FUNCTION & STYLE...

...WITH DIGNITY...

A very visible adult potty chair within a small space had created embarrassment for a new bride...she needed the chair in a bedroom which was visible from the living portion of the home.

OUR DESIGN TEAMS CHALLENGE WAS TO...

- Disguise the chair by blending it into a well designed space
- Create a little more seating in a small space
- Must be easy to remove and replace
- Restore the dignity this chair had taken away

Design was achieved and dignity was restored...

WE NOW OFFER THIS LANDMARK PRODUCT "The Dignity Cover" IN A VARIETY OF COLORS TO FIT MOST STANDARD SIZED ADULT POTTY CHAIRS
