

Potente – meaning strong, powerful, solid – is a collection not for the faint of heart. With an allure that radiates the kind of power only a true lady can handle, Potente exudes undeniable strength and a divinely feminine touch.

Designed to capture the eye and command any room, the Potente Collection features an elegant mother of pearl pin cushioned textured dial surrounded by 18 brilliant diamonds, because out of great pressure comes unmistakable beauty. The pin cushioned case and diamond cut bezel, each crafted with exemplary care, perfectly offset the classic bracelet with deployment buckle marrying ladylike and steel. With the dynamism and stability of a Swiss quartz movement, this watch is a tour de force.
