

Sorrento

Inspired by the romantic coastal Italian town of Sorrento, this GV2 Collection will sweep you off your feet.

A picturesque gateway to Amalfi, Sorrento's bright lemon groves, deep blue sea and charming homes nestled into seaside cliffs holds an inescapable allure unmatched by any timepiece but this.

The Sorrento Collection features 12 elegant diamonds each in a classic prong setting inlaid on a mother of pearl dial.

An enchanting 33mm round stainless-steel case complements a brilliant diamond cut bezel adding to its Italian lure.

They say the French have it, but this watch would say otherwise. Like a silk slip dress, this captivating piece moves with the ease of a Swiss Quartz movement.

Romance and elegance, Sorrento is the perfect gift for a loved one or a special something just for you. A beautiful love story.

A romantic poem. Simply radiant – Sorrento.
