Winding

In position A wind the crown clockwise. Turn it approximately 30-40 times or until the second hand starts moving in order to fully wind the watch.

Setting the Date

1. Pull the crown to position **B**.
2. Turn it counter-clockwise to set the date.
3. After the date has been set, push the crown back to the closed position.

Setting the Time

1. Pull the Crown to position **C**.
2. Turn the crown to set the hour and minute hands.
You should not change the date between 9:00 PM and 2:00AM.

Compass

Red Crown - Turn the 24 military dial (H = Sun Direction) to the current time-Point the watch so hour hand time on compass dial will face the sun. Now the N on the compass dial will indicate North direction.
