Large scale AV installations can be an involved and time consuming business. However, Peerless-AV believe that bigger, both in terms of screen sizes or number of displays, does not have to mean more complicated. By constantly striving to improve the versatility and ease of use of our products, and through working closely with installers and integrators the new Modular Series product range is designed to ensure the very best installer experience.

Designed around a standard 50mm diameter twin column the components in this series can be combined to fulfill multiple requirements, from a single ceiling mounted display to an unlimited floor-to-ceiling video wall array. With a minimum number of SKUs and a simple, intuitive method of selecting the required parts it could not be simpler to create the bespoke Modular Series arrangement that is ideally suited to your next project.

For peace of mind all Modular Series products are tested to the highest UL mounting safety standards to withstand four times the rated load capacity. They also include a number of innovative features and benefits, such as incremental tilt and back-to-back screen options, making them the most versatile and easy to install products available.

**The Modular Series Difference**

- **TWIN POLE DESIGN**
  - ensures a sturdy and secure mounting foundation with each system able to accommodate up to 192kg

- **UNIVERSAL MOUNTING**
  - for flat panel displays from 46” to 90”, up to with VESA® 600x400mm (adaptors available for other mounting hole patterns)

- **BACK-TO-BACK**
  - option for simple and effective creation of a double sided display from a single system

- **PORTRAIT / LANDSCAPE**
  - orientation with versatility to mount both ways from a single screen adaptor or with specific video wall options.

- **FIXING KITS SUPPLIED**
  - for screen attachment, with security options available for displays in public areas

- **TILT ADJUSTMENT**
  - from +20° to -5°, with specific settings at 5° increments, for perfect and consistent viewing angle

- **MULTIPLE DISPLAYS**
  - can be mounted onto each system, and can be positioned anywhere along the column length.

- **ANY LENGTH**
  - can be achieved with poles cuttable to shorter length and ability to extend by connecting multiple units

- **DURABLE FINISH**
  - with powder coated black parts and zinc finish which prevent rusting and resists scratches and chips

- **MODERN AESTHETICS**
  - for a clean appearance with base plate covers and cable management ability within the poles
The Modular Series Difference
Peerless-AV’s Modular Mounting Solutions provide the versatility and durability professional AV installations require. With a wide variety of configurations available, you can choose between already-configured mount kits, or you can “build your own” solution to fit your specific application. For peace of mind, all Modular products are tested to the highest UL mounting safety standards to withstand four times the rated load capacity.

   - MOD-UNM Medium Universal Adaptor
   - MOD-UNL Large Universal Adaptor
   - ACC-V2X2 VESA® 200 x 200 adaptor

5. SELECT OPTIONAL SECURITY
   - ACC018 Security Fastener Pack
The Peerless-AV Ceiling Mount Kits include all of the components required to mount a projector from the ceiling. As part of the Peerless-AV Modular Series, it can be expanded with additional Modular accessories (sold separately) to accommodate virtually any custom configuration.

**INDIVIDUAL COMPONENTS TO "BUILD YOUR OWN" SOLUTION**

1. **CHOOSE THE MOUNTING PLATE TYPE**
   - MOD-CPF Square Ceiling Plate
   - MOD-CPI I-Beam Ceiling Plate
   - MOD-CPC Cathedral Ceiling Plate

2. **SELECT THE POLE LENGTH & ACCESSORIES**
   - MOD-ADF Dual Pole Cosmetic Cover for MOD-CPF
   - MOD-ATD-W Trim Disc
   - MOD-APC Pole Coupler
   - MOD-ADP Pole Drill Fixture

3. **REQUIRED PROJECTOR ADAPTOR**
   - MOD-ATA(-W) 1.5" NPS Threaded PROJECTOR MOUNT Adaptor

4. **SELECT THE PROJECTOR MOUNT**
   - PRG-UNV(-W) PRGS Projector Mount
   - P12G-UNV(-W) PRGS Projector Mount
   - PJF2-UNV PJF2 Projector Mount

**EXTENSION POLES:**
- MOD-P100(-B): 39" (1m)
- MOD-P150(-B): 59" (1.5m)
- MOD-P200(-B): 78" (2m)
- MOD-P300(-B): 118" (3m)

**Modular Ceiling Plate Accessories:**
- MOD-CPC Cathedral Ceiling Plate
  - Can be angled up to 60° for use with vaulted or sloping ceilings

**PROJECTOR MOUNT CEILING KIT**

**MOD-PJF2KIT100-B/150-B**

Kit includes:
- (1) MOD-CPC Cathedral Ceiling Plate
- (1) MOD-P100-B/150-B Black Extension Pole
- (1) Universal Spider® Projector Mount Adaptor
  - PJF2 Projector Mount

Max Load 50lb (22kg)
FREE STANDING VIDEO WALL

This versatile free standing configuration is a fast and effective method to create an eye-catching video wall array in a wide range of applications and settings. When deployed for use in public spaces safety and security are assured with the ability to bolt the floor plate in place and the use of security screen attachment hardware fixings.

EXAMPLE KIT SHOWN FOR 2x2 LANDSCAPE VIDEO WALL WITH 2m HEIGHT CONSISTS OF:
2 x MOD-FPP2 : 4 x MOD-P200 : 4 x MOD-AWM2 : 4 x DS-VW765-LAND

INDIVIDUAL COMPONENTS TO “BUILD YOUR OWN” SOLUTION

FLOOR/WALL PLATES
- MOD-FPP2
  Dual Pole Free Standing Floor Plate

EXTENSION POLES
- MOD-P100(-B)
  39" (1m) Extension Pole
- MOD-P150(-B)
  59" (1.5m) Extension Pole
- MOD-P200(-B)
  78" (2m) Extension Pole

DISPLAY MOUNTS
- MOD-ASC2
  Dual Pole Display Mount Stacking Clamp
- MOD-UNL2
  Large Universal Adaptor
- MOD-FPMS2
  Dual Pole Single Display Mount
- MOD-FPMD2
  Back-to-Back Display Mount

VIDEO WALL MOUNTS
- MOD-AWM2
  Wall Mount Adaptor
- DS-VW775
  Supreme Full Service Video Wall Mount
- DS-VW775-QR
  Supreme Full Service Video Wall Mount with Quick Release
- DS-VW765-LAND
  Video Wall Mount Universal for flat panel displays from 40" to 65" up to VESA® 700 x 400mm
- DS-VW765-LQR
  Full Service Video Wall Mount with Quick Release - Landscape

ACCESSORIES
- MOD-MBM*
  Medium Media Box
- MOD-MBL*
  Large Media Box
- MOD-ADF
  Pole Drill Fixture

*Compatible with MOD-FPMS2 Only
**FLOOR TO CEILING VIDEO WALL**

The ultimate solution for creating a large format video wall, where the only limitation is the distance from floor to ceiling. Add multiple screens onto each twin pole system and quickly position the displays with perfect alignment when using the Video Wall mount adaptors, with horizontal movement and 8-point micro adjustment for the ultimate fine tuning.

**EXAMPLE KIT SHOWN FOR 3x3 LANDSCAPE VIDEO WALL WITH 3m HEIGHT CONSISTS OF:**

6 x MOD-CPF2 : 6 x MOD-P300 : 9 x MOD-AWM2 : 9 x DS-VW765LQR

**INDIVIDUAL COMPONENTS TO “BUILD YOUR OWN” SOLUTION**
