A retail park in the legendary winter sports region of Kitzbühel, Austria, has installed an LED video wall (4.48m wide by 2.88m high) to display mountain maps and information about the ski resort to passing visitors. Integrator Kapsch BusinessCom AG was responsible for the project, choosing to use Absen XD4 Outdoor LED panels supported by a flat-to-wall outdoor dvLED mounting system from Peerless-AV. Assembly of the mounting system was straightforward and the lightweight aluminium frame quickly attached to the wall with predefined mounting locations. Display adapters enabled x, y and z axis adjustment for a seamless, flat finish. With a Peerless-AV technical team on site, the install was completed quickly and easily within a day. The result is a slim, eye catching outdoor Digital Signage solution with excellent visual performance.

About Peerless-AV®

KITZBÜHEL,
RETAIL PARK,
CASE STUDY

For over 75 years, passion and innovation continue to drive Peerless-AV® forward. We proudly design and manufacture the highest quality products, ranging from outdoor displays to complete kiosk solutions, digital signage mounts to wireless systems. Whether a full-scale global deployment or custom project, Peerless-AV develops meaningful relationships and delivers world-class service. In partnership with Peerless-AV, you are trusting an award-winning team of experts who will support your business every step of the way. For more information, visit peerless-av.com.
