

**Peerless-AV® Shortens Customer Delivery Times with New Warehouse in Weert, The Netherlands**

*New warehousing facility ensures speed to market and customer fulfillment flexibility*

**Watford, UK, 14 November 2019** – AV technology pioneer Peerless-AV® today announced the opening of a new warehouse in Weert, The Netherlands, as an important step in the company’s European expansion and Brexit strategy. The facility was chosen for its prime location and major transport links into UK and mainland Europe, which will enable shortened delivery times, while protecting customers from any interruptions caused by the UK leaving the European Union.

“The opening of our new warehouse in Weert means we can continue to exceed customer service levels with reduced delivery times and increased flexibility to fulfil the continued growth and demand we are seeing for our products in Europe,” said Keith Dutch, Managing Director – EMEA, Peerless-AV. “There will be no change to the operation of our UK warehouse. We’re pleased to say that both the warehouse in UK and Jebel Ali Freezone in Dubai have been stocked heavier this year owing to ongoing growth across EMEA generally.”

On the Netherlands and Belgium border, Weert is strategically positioned with sea and land transport links. With the addition of the new warehouse, Peerless-AV's European customers can be confident that they will receive an uninterrupted and faster delivery service.

As of 1<sup>st</sup> November 2019, the new warehouse is operational and fully stocked with products from Peerless-AV's extensive portfolio, world renowned for their high performance, reliability and ease of installation.
