

Peerless-AV[®] Introduces New SmartMount[®] Solutions for Microsoft[®] Surface[™] Hub 2S and 2X

New mobile trolley and wall mount provide low profile, connected options for corporate installations

Watford, UK, 1 September 2020 – AV technology pioneer Peerless-AV[®] today announced the SmartMount[®] Trolley (SR560-HUB2) and SmartMount[®] Flat Wall Mount (SF640-HUB2), both for use with the Microsoft[®] Surface[™] Hub 2S and 2X.

The new SmartMount Trolley ([SR560-HUB2](#)) was designed to safely mount, manoeuvre, and store the 50.5" Microsoft[®] Surface[™] Hub 2S and 2X. The trolley is load rated up to 29.5kg, holds the display at Microsoft's recommended viewing height (55"), and offers vertical adjustment so the display can be positioned at incremental heights 1219mm to 1524mm from the floor. With the capability of display rotation from landscape to portrait without interference, the trolley offers the flexibility users need. It also provides clearance to the removable compute cartridge so this can be upgraded without removing the display. The locking 4" casters provide a stable foundation for touch applications and cable management channels completely hide the cabling

inside the uprights. The trolley's robust feature set makes it an ideal solution for corporate, education, hospitality or any application that requires mobility with a seamless look.

Designed as a permanent mounting solution, specifically for the 50.5" Microsoft® Surface™ Hub 2S and 2X, Peerless-AV's SmartMount Flat Wall Mount ([SF640-HUB2](#)) incorporates a circular design to perfectly match the rear of the Surface™ Hub. This design ensures direct access to the power and data connections, as well as complete access to the compute cartridge for easy removal and installation without interrupting the display. With a simple Hook-and-Hang™ feature, the mount positions the display close to the wall for a sleek installation, creating a low-profile mounting solution for the Microsoft® Surface™ Hub 2S and 2X.

Peerless-AV's SmartMount Trolley and Flat Wall Mount solutions for the Microsoft® Surface™ Hub 2S and 2X will be available from September 2020 via Peerless-AV's authorised reseller and distribution network.
