

Peerless-AV® wins Queen's Award for Enterprise 2020

AV Company achieves the prestigious award for International Trade performance

Watford, UK, 21 April 2020 – AV technology pioneer Peerless-AV® has been honoured with a Queen's Award for Enterprise 2020 for International Trade, recognising its excellence in the area of overseas sales. To be acknowledged with this prestigious accolade demonstrates the significant steps the company has taken in recent years.

Peerless-AV is now represented in most EU countries, with recent expansion into new markets, including several exciting territories across the Middle East and new opportunities in Africa. This has seen the overall percentage of goods exported rising to exceptional levels. The company wins the Queen's Award for International Trade for Outstanding Continuous Growth in overseas sales.

“We are obviously delighted to receive this prestigious Royal accolade,” said Keith Dutch, Managing Director – EMEA, Peerless-AV, “as it recognises the hard work and commitment, we have invested to develop our international business. I am confident that this respected award, and its globally recognised symbol, will drive our export business and the worldwide standing of Peerless-AV to new heights.”

I want to personally thank Melinda Von Horvath (VP Sales & Marketing - EMEA) who has been instrumental in our EMEA strategy and growth during this period, developing and nurturing the sales team,” he added.

Now in its 54th year, the Queen's Awards for Enterprise are the most prestigious business awards in the country, with winning businesses able to use the esteemed Queen's Awards emblem for the next five years. Peerless-AV will celebrate its award during a royal reception for Queen's Awards winners to be held later in the year.
