

SOUTHAMPTON UNIVERSITY

Peerless-AV Mounting Solutions
Support Enhanced Teaching and
Learning at Southampton Uni

INSTALL BRIEF

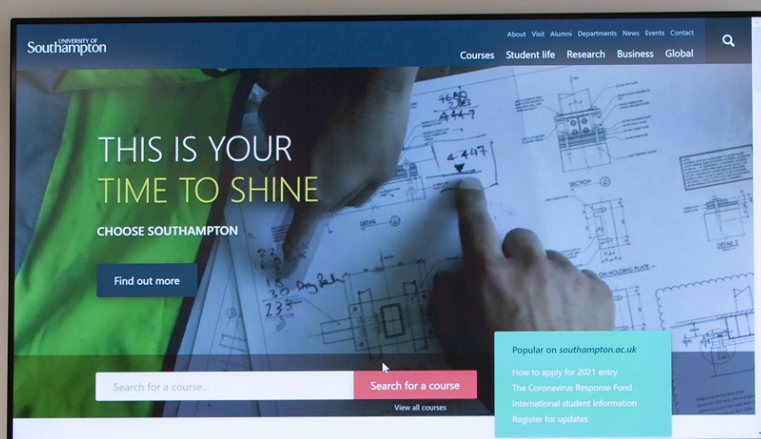

M A Y
2021

The University of Southampton, ranked in the top 20 of UK universities and in the top 100 globally, has invested in a new 8-floor building to mark its 100-year anniversary at Highfield Campus. The Centenary Building, as it is aptly called, incorporates two lecture theatres, a 250-seat main lecture theatre and 100-seat Harvard lecture theatre, nine seminar rooms, two flat floor spaces, a computer-based training room, MBA learning and common spaces with five additional meeting spaces and nine group study pods all providing a variety of options for teaching, learning and study away from the main campus library.

Systems integrator proAV was chosen for the project and specified a range of Peerless-AV mounts for the new teaching and learning centre, including:

- SA761PU SmartMount® Articulating Arm Wall Mount for 40” - 75” Flat Panel Screens
- PLCM-UNL-CP Ceiling Mount Kits
- SA762PU SmartMount® Articulating Arm Wall Mount for 40” - 90” Flat Panel Screens
- SA771PU SmartMount® Articulating Arm Wall Mount for 46” - 90” Flat Panel Screens
- DS-VW765-LQR SmartMount® Full Service Video Wall Mounts with Quick Release

We've worked with Peerless-AV for many years now and can trust in them completely for tech support, fast delivery and quality products that are not only safe, quick and easy to install but live up to expectations every time; especially important for such a prominent high education installation celebrating a key milestone.
