we are here to surprise!

## Jema Autolifte Basic line jacking beam JA2000J-AIR

The jacking beam is our best-selling jack for our Basic line 4 post lifts!

Here is a Danish designed jacking beam that can be mounted on our Basic line 4 lifts JA4000F, JA5500F and JA5501F. The jacking beam is for you who need a solid and extremely useful jack. The JA2000J-AIR is easy and fast to operate and has a maximum lifting capacity of 2000 kg.

The lifting platforms are easily and quickly adjusted as needed, so it is easier to hit the lifting points on the car. The Jema Autolifte jacking beam has a safety lock to ensure that safety is paramount.
