## **WHOLESALE 2022**

### **UV Resin Craft Kits**

Bekbek Makes creates beautiful fun illustrated jewellery, handmade in Warwickshire and ideal for gifting.

Customers were fascinated with the process of creating my jewellery, so in 2020 we launched our range of UV Resin craft kits. Our kits contain everything you need to get started. As UV Resin cures in 2-4mins under UV light and requires no mixing it's an ideal table top craft with endless creative applications.

Our products designed for adults and are featured regularly on TV.
