## About

### DINNERWARE FROM FALLEN LEAVES™

Our signature DFFL-PALM product range was innovated in 2006. It has been awarded dozens of times for its unmatched quality. We are the leader in palm dinnerware production and the only integrated manufacturer of palm leaf plates. Having our own factories affords us to produce the highest standard. Our Palm leaf products are created solely from unused palm leaves and water. Our Dinnerware is natural and is created without any chemical coatings. The design is recognized by the Cooper Hewitt Design Museum - elegant but durable these products are microwave and oven safe. They can handle hot and cold food, liquids, and oils.

Pat. and Pat. Pending: [www.verterra.com/pages/patent](http://www.verterra.com/pages/patent)

#### SUSTAINABLE

Our dinnerware is made from fallen palm leaves (that would otherwise be burned), steam, heat and pressure. No plants or trees are cut or harmed in the process.

#### BIODEGRADABLE

Our dinnerware will naturally biodegradable at home or in an industrial compost without using chemical agents.

#### COMPOSTABLE

VerTerra products are BPI-certified compostable and tests have shown that soil containing VerTerra compost enhances plant growth by over 15%.

#### DURABLE + VERSATILE

Our products can withstand hot food, liquids, and oils. Thoughtfully designed, our products act as a natural insulator. Verterra dinnerware will not leak or impart taste.

#### MICROWAVE + OVEN SAFE

VerTerra dinnerware can withstand two minutes in the microwave on a high heat setting or up to 45 minutes in the oven at 350 °F as long as they are at least 6" from the heat source.

## Palm With Lids

### PALM LIDS

To celebrate 15 years we are launching the first ever Palm Leaf To-Container. An all palm base and lid fully compostable and an elegant addition to our line of palm products. Microwave and oven safe, stackable and perfect for meal delivery and drop off.

**8.4" x 6.6" PLATE AND LID**  
sku VT-BX-750  
Qty: 200

**9" x 5.5" PLATE AND LID**  
sku VT-BX-1000  
Qty: 100

### PLATE RIM LOCK PLASTIC LIDS

The Rim-Lock lid system is a patent pending system that allows a plate to turn into a "to-go" container. Once filled the plate locks into the base of the recyclable vessel for transport keeping your meal safe and allowing stackability in transport. When you arrive at your location you can open the container and remove the plate and recycle the Rim-Lock lid or wash and reuse.

## Collapsible Boxes

Our sleek and modern to-go-boxes are a line of eco-friendly food containers that enhance any food service experience. The collapsible boxes have attached “flip-back” lids, they store completely flat and pop-open instantly saving 95% of storage space. They are created out of leftover wood and rice paper. Best of all they are sturdy, strong, stackable, oil resistant, water resistant, lightweight and biodegradable.  
 Pat. and Pat. Pending: [www.verterra.com/pages/patent](http://www.verterra.com/pages/patent)

### FAST ACTION OPENING

The possibilities are endless with our wooden to-go-boxes. The collapsible boxes store flat and pop open in one motion, saving time and space. Available in a wide range of sizes.

## Cutlery Guide

### WOODEN - HEAVYWEIGHT

We have worked to design the perfect wooden cutlery by using ridging and darting to enhance strength and prevent breakage. There is also a bake-in proprietary confectionery glaze to eliminate the wood taste other similar products have. Simply put, they work: sturdy, durable, and designed to perform like permanent products.

### WOODEN - MEDIUM WEIGHT

Without compromising quality we re-engineered our original heavy weight cutlery to be 0.75in shorter and slightly lighter. Allowing us to offer a lower cost option for those that don't require as robust a line of cutlery. Still including the proprietary baked-in glaze to eliminate the wood taste this product performs as well as its larger predecessor.

### WOODEN - LIGHT WEIGHT

For the value focused environmentally concerned customer this line provides a cost efficient eco-friendly solution vs plastic. We were able to pack all sorts of advantages other manufacturers can't at this price point. Still produced with no concern for splinters or dust in the box this is an amazing value product. However without the glaze or reinforcing ridging our other products have this is intended for lighter fare.

### WOODEN - CLICK N EAT

Our tradition cutlery takes a new turn with the Click N' Eat Wooden Cutlery Duo. This full-sized Fork and Knife is already attached for your culinary convenience. Perfect for outdoor/indoor dining, and drop off catering. This product is lightweight, and will stack neatly. Just click apart, eat, and enjoy!

### PLANTWARE

Made from 100% renewable resources and PLA, Aplant-based plastic, Plantware Cutlery is completely compostable, renewable, and heat resistant. All items meet ASTM standards for compostability. Their crystallized formulation adds strength and heat tolerance of 200 Degrees F.

## Eco<sup>2</sup> Economically Eco-Friendly™

Thanks to demand we have created an economically priced line of products that are eco-friendly. While they are stylish and economically priced, they aren't as durable as our main line, allowing us to offer an economical line. Pat. and Pat. Pending: [www.verterra.com/pages/patent](http://www.verterra.com/pages/patent)

### ECO<sup>2</sup>™ BAMBOO PADDLES + SKEWERS

Our bamboo paddles + skewers are a simple accessory for your culinary creations. We offer a wide range of sizes to meet your every need from appetizers to kabobs. They are a great replacement when a fork isn't needed.
