## THE NEW CLIPPER **CARIBOU 'S'**

### **SPECS:**

Length: 15'3"      Beam: 27" (31.5" @ 4" waterline)  
Bow Height: 20"      Stern Height: 20"      Center Height: 14"

### **WEIGHT:**

Fiberglass: 54 lbs.      Kevlar: 47lbs.      Ultralight: 44lbs.  
(shown model)

The new Caribou 'S' is a classically designed solo canoe with attractive, traditional lines. Paddlers will find it well suited for a wide range of paddling conditions as it is at home on a quiet lake or would be ideal for extended wilderness river trips. The modest 2" rocker allows easy tracking, but it will still handle well in the rock gardens.

The full ends make the Caribou 'S' the highest volume solo canoe available from CLIPPER, and the sophisticated, high performance composite layups are durable, stiff, efficient, and ready to provide you with years of paddling enjoyment.

**Std. Features:**      Center wood web seat, flotation tanks, bow & stern thwarts.

**Options:**      Gunnel covers, **black trim package**, wood trim package, removable yoke, wilderness lash kit, foam thigh pads, bucket seat, adj. footbrace.
