THE CLIPPER CASCADE

SPECS:

Length: 16'8 Beam: 36" (34" @ 4" water line)
 Bow Height: 20" Stern Height: 20" Center Height: 14"

WEIGHT:

Fiberglass: 66 lbs. Kevlar: 56 lbs. Ultralight: 51 lbs.
(shown model)

The Cascade is ideal for a family with young children and performs well as a wilderness tripping canoe. It is one of our most stable choices for paddling enthusiasts who require great initial stability. It's great for families with dogs as well as kids.

The Cascade has sometimes been described as the canoe for the non-canoer. Paddlers with limited experience will feel secure with minimum practice. While paddlers in other canoes are practicing their braces, you'll be working on turns and fast paddling techniques.

Std. Features: Bucket seats, footbrace, flotation tanks, bow/stern/center thwarts.

Options: Gunnel covers, *black trim package*, wood trim package, carrying yoke, wilderness lash system, foam thigh pads, kneeling thwart.
