Length: 17' Beam: 33" (32" @ 4" water line)
Bow Height: 17" Stern Height: 16" Center Height: 12"

WEIGHT:

Fiberglass: 56 lbs. Ultralight: 46 lbs. Custom Kev: 41 lbs.
(shown model)

The 17' Jensen Recreation is the lightest tandem Jensen cruising canoe. At 54 lbs. in fiberglass, it is stable and makes an excellent boat for the beginner day-tripper. Paddlers of all skill levels will appreciate its straight tracking and ease of paddling. It suits short outings, weekend trips, and amateur racing. Its weight and good stability make it ideal for older paddlers, while its narrow width makes it a natural choice for smaller tandem paddlers. The seats are positioned low so that even the inexperienced will feel comfortable and stable.

Std. Features: Bucket seats, sliding bow seat, footbrace, flotation tanks, center/bow/stern thwarts, foam core.

Options: Gunnel covers, **black trim package**, wood trim package, wilderness lash system, foam thigh pads, yoke (flat or contoured).
