THE **CLIPPER SCOUT**

SPECS:

Length: 15'10 Beam: 35" (34" @ 4" water line)
Bow Height: 19" Stern Height: 19" Center Height: 13"

WEIGHT:

Fiberglass: 60 lbs. Ultralight: 48lbs. Custom Kev: 43 lbs.
(shown model)

The Scout has an overall length of 15'10 and is one of the most stable canoes in the Clipper line. It can be easily paddled solo when ordered with an optional bench seat in the bow. At a weight of only 58 lbs. in fiberglass, the Scout is ideal for portaging and is easy to load on and off your vehicle.

The Scout is great for day tours, short camping trips, or for the sportsman requiring a stable canoe light enough to carry to that remote lake for fly fishing.

Std. Features: Bucket seats, footbrace, flotation tanks, center thwart.

Options: Gunnel covers, *black trim package*, wood trim package, carrying yoke, wilderness lash system, foam thigh pads, kneeling thwart.
