THE **CLIPPER TRIPPER**

SPECS:

Length: 17'6 Beam: 35" (33" @ 4" water line)
Bow Height: 21" Stern Height: 18" Center Height: 15"

WEIGHT:

Fiberglass: 71 lbs. Kevlar: 58 lbs. Ultralight: 54 lbs.
(shown model)

The Tripper's ample capacity will carry a family with kids, or enough gear for extended tandem wilderness trips. A shallow arch hull provides good initial stability, and gently flared sides and relatively low-slung seats result in great secondary stability.

The fiberglass Tripper comes standard with Kevlar reinforcing, anodized aluminum trim, plastic bucket seats, a sliding bow seat, adjustable stern footbrace, and portage yoke.

Std. Features: Bucket seats, sliding bow seat, yoke, footbrace, flotation tanks, bow & stern thwarts

Options: Gunnel covers, **black trim package**, contoured yoke (std. on kevlar), wilderness lash system, foam thigh pads, expedition spray skirt
