Bow Height: 20" Stern Height: 20" Center Height: 14"

WEIGHT:

Fiberglass: 70 lbs. Fiberglass w/Foam Core: 62 lbs.
(shown model)

The appeal of the Yukon is based on its design, low-cost and excellent value. The Yukon is a versatile canoe that is built to last and has proven itself in rental use and adventure racing across Canada. This canoe gives you a comfortable feeling, both in its roominess and stability.

The Yukon has the capacity to be a good family canoe and is also suited for wilderness tripping. It glides nicely, tracks well, and resists being blown around in the wind.

Std. Features: Bucket seats, footbrace, flotation tanks, center/bow/stern thwarts.

Options: Gunnel covers, black trim package, wood trim package, carrying yoke, wilderness lash system, foam thigh pads, expedition spray skirt.
