ASSEMBLY INSTRUCTIONS

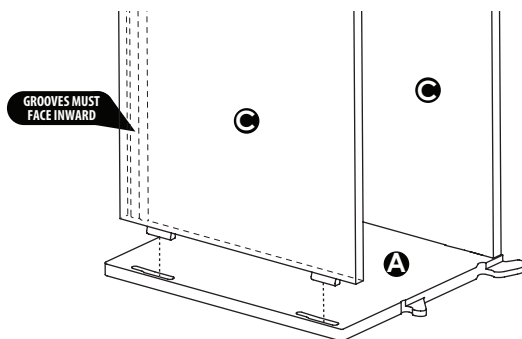

- 1 Insert Top Shelf **C** into slots on Left Side **A**, with the grooves facing inward, and **not** next to the tabs for the slotboard.

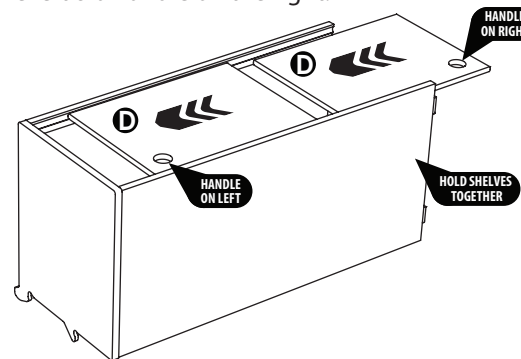

- 2 Tighten shelf **C** by pushing down until back edge of shelf is flush with back edge of Left Side **A**.

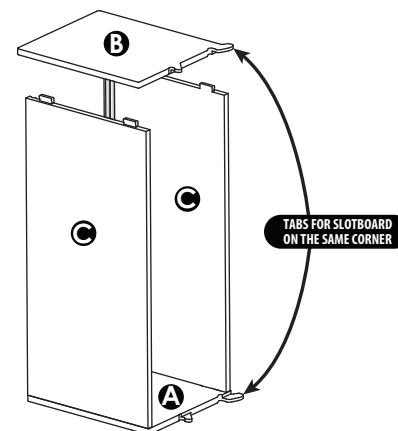

- 3 Repeat Steps 1 & 2 with the Bottom Shelf **C**, making sure that the grooves are facing inward, and line up with grooves on Top Shelf **C**.

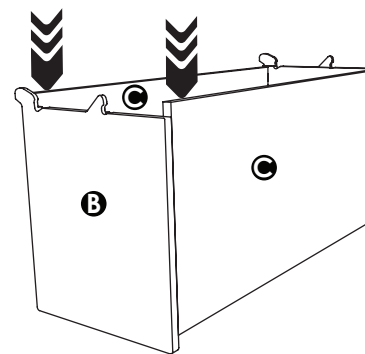

- 4 Lay cabinet on its back, as shown. Then slide in two Doors **D** in the desired orientation, with a handle on the left & a handle on the right.

- 5 Carefully fit slots on Right Side **B** over tabs on Shelves **C**. Ensure that the tab for the slotboard is on the same corner as Left Side **A**.

- 6 Holding the sides together, carefully pick up the unit and set on its front, in the orientation shown. Press shelves **C** down until flush with back edge.
