

PARTS

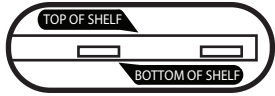

(2) Sides

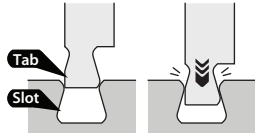

(2) Shelves

Pay attention to the placement of the tabs on the shelves. The tabs are closer to the bottom of the shelf.

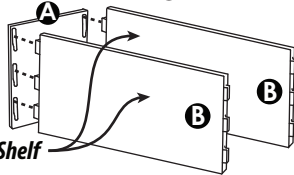

Tab will 'pop' into slot when force is applied.

ASSEMBLY INSTRUCTIONS

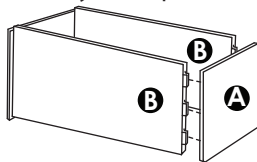

1

Insert tabs on Shelves **B** into the slots on Side **A** making sure the bottom side of the Shelves are facing the same way.

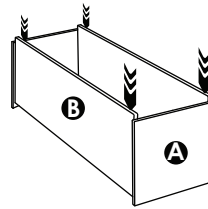

2

Lay the assembled pieces on the floor and attach the second Side **A** in the same way as Step 1.

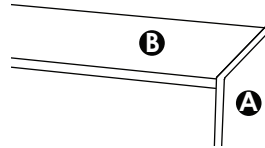

3

Push down on all corners of Shelves **B** to tighten. This may require turning the unit over.

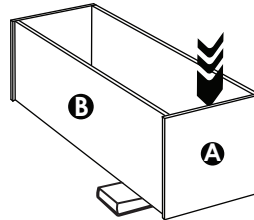

4

Orient the shelving unit upright. The top face of Shelf **B** should be nearly flush with the Sides **A** with no visible gap.

X

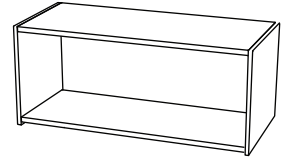

To disassemble, place a hard, flat object under Shelf **B**. Push down on Sides **A** to loosen tabs from slots.
