

Parts

 Ensure the groove is always facing toward the shoulder during assembly.

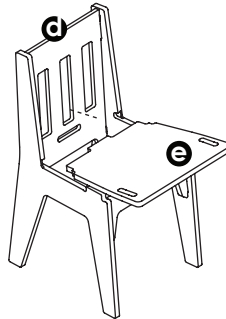

1 Put tabs on **d** & **c** into slots on sides **b** & **b**.

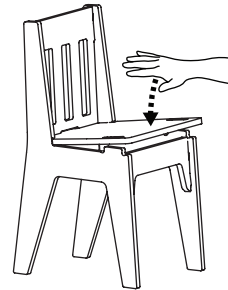

2 Push down **d** & **c** until tight.

2* Note that **d** & **c** won't tighten properly if the grooves aren't facing the shoulder

3 Slide tab on **e** into slot on **d**.

4 Firmly pop chair seat down over front tabs.
