

# Facial Epi-Roller

This lightweight facial hair epilator is the answer to your facial hair and peach-fuzz dilemmas. Now you can epilate unwanted facial fuzz without the bleaching, waxing or chemicals that are harmful to your skin.

The Epi-Roller is everything you love about the results of threading, minus the intricate handiness required. The coil mechanism will do all the work in a motion akin to the threading technique.

Simply roll the spring up and down against your skin to remove the unwanted hair from the root - practically fool proof! Suitable for delicate facial areas and sensitive skin such as upper lip, cheeks and chin.

CAUTION: Not suitable for shaping eyebrows. Exfoliate regularly to avoid ingrown hairs.

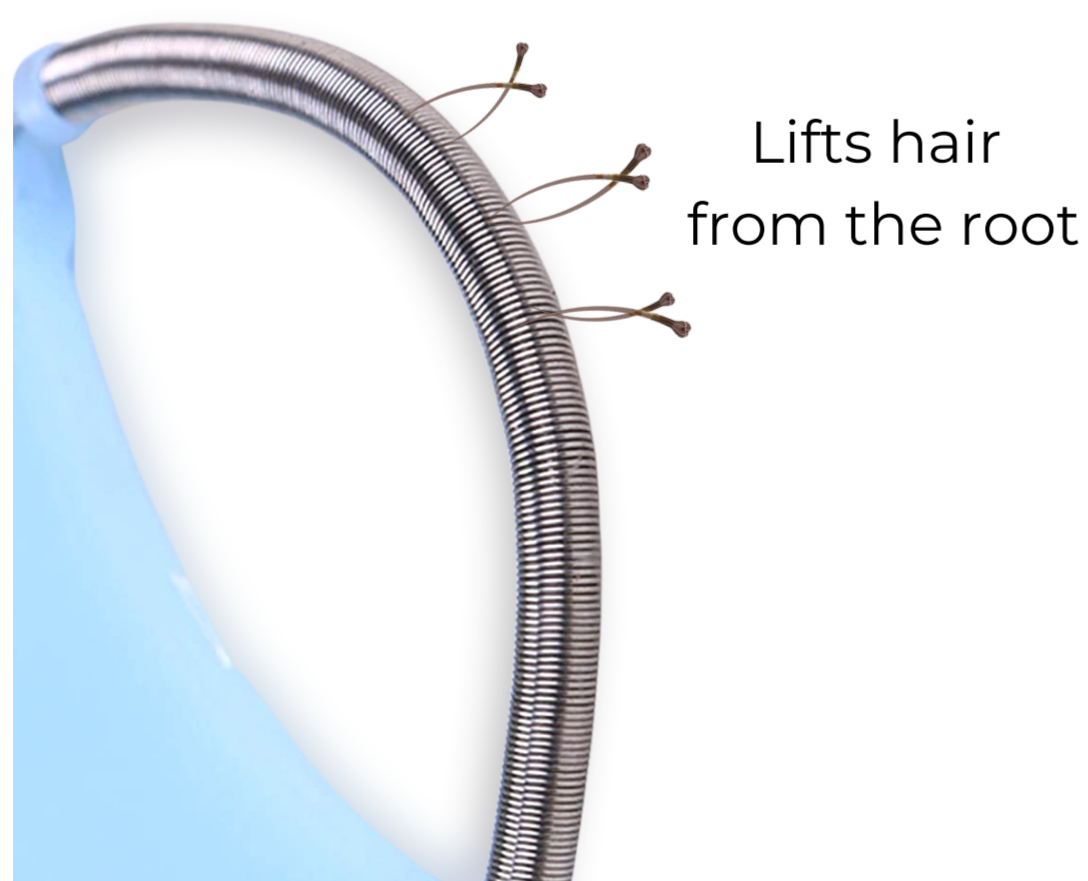

## *Why the Tweezy Epi-Roller?*

- We are committed to reduce, reuse, recycle - Multi-use product making it sustainable.
- All components of this product and packaging are recyclable.
- Slow hair re-growth by removing them from the root
- Long-term hair removal solution as it weakens the follicles
- Cost-effective
- Anyone can use Tweezy; teens, older women looking to slow post menopausal hair growth, even men can use it outside the shaving zone
- Compact, convenient hair removal tool
- Safe and suitable for delicate facial areas and sensitive skins

### *How to use me:*

- Ensure skin is clean and dry before use.
- Place the Epi-Roller against your skin, roll it up and down until hair is removed.

*RRP: £14.49*

**HAIR REMOVAL TIP:** As with any hair removal from the root, you may feel a slight pinch or discomfort. Any redness can be soothed with a cold compress if necessary.
