

Product Name: 12 Way PDU Surge Protected Vertical 1086mm

**Features**

- 12 Way Vertical Surge Protected - Power Distribution Units (PDUs) are units which are mounted into a data/server cabinet, to provide power for the housed equipment.
- Our PDUs are 1.5U in height, and are built using a tough aluminium extrusion.
- All our PDUs have a 3m power lead with 13A UK plug as standard, with other options available.
- The vertical PDUs have their sockets mounted at a 45 degree angle, for easier access and a better cable trail.
