Black AVRack Bolts Pack of 100.

**Specifications**

The Rollarak is a no-compromise AV rack, specifically designed for ease of installation and maintenance.

Comprising a fully mobile cage for all-round access for rigging during installation and maintenance, the Rollarak has 19" mounting profiles fitted front and back, black powder coated mounting profiles for a fully co-ordinated finish with AV equipment.

The frame itself is made of 14 gauge steel to take the weight of heavy AV gear.

Supplied as standard in black in a range of heights from 18U to 42U.

A full range of accessories including shelves, fan trays, cable management and custom fascias are also available.

Self-assembly

Available 18U to 42U

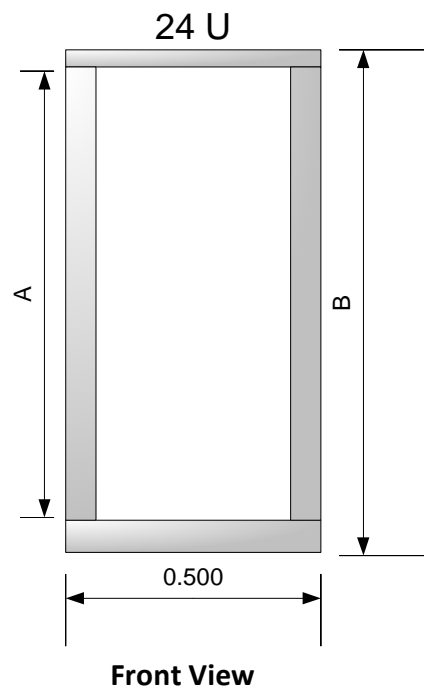

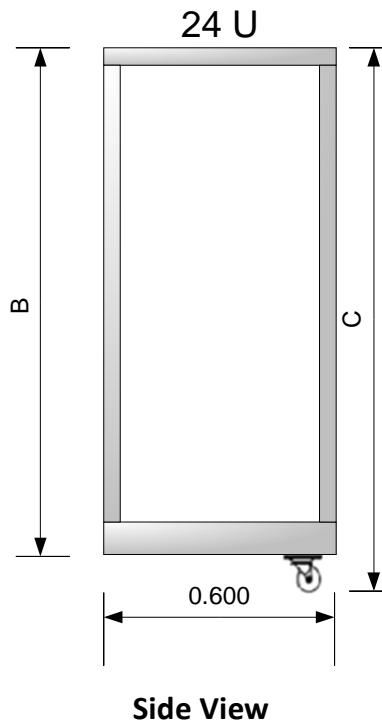

19" mounting posts fitted to front and rear

Pre-drilled fixing holes for cable management

14 gauge steel construction ensures high weight capacity

Supplied as standard as black - other colours available on request
