

EVERKI®

JOURNEY (EKB440)

Laptop Trolley – Rolling Briefcase,
Adaptable Compartment -
Fits 11" - 16"

For the traveling executive or mobile manager:
take your office on the road with a versatile,
professional-looking laptop trolley you can roll
right into the boardroom.

Sometimes the trip to the office takes us further than just across town. For those overnights, you need a bag that provides ease and comfort but that also makes a good impression with your colleagues.

With the Journey, Everki packages an array of innovative and convenient features into a rolling laptop carry-all that retains the professional, business-ready look of a briefcase.

Lightweight Construction

With the Journey, Everki cut out any unnecessary bulk while leaving in the functionality and ease of organization you've come to expect from the company's products. Its sturdy aluminum trolley system and hollowed frame construction reduce weight without sacrificing quality or durability, and the whole bag is designed to come in at well under the average airline weight limit, enabling you to maximize what you can take on board.

Separate, Spacious Clothing Compartment

If you're going on a trip you'll need room for your clothes, and more than just a change of shirt. The Journey has you covered, with a spacious compartment large enough to store a couple of days' worth of clothing and a strap to hold it all neatly in place. Across from this, one large mesh and another zippered pocket provide separate spaces for razors, toothbrush, and other toiletries, and the whole compartment is separate from the bag's business compartments.

Adjustable Laptop Pocket for 11-Inch to 16-Inch

Whether your computing needs are met by a compact 11-inch notebook or a much larger 16-inch, the Journey ensures your device is well-secured and easily accessible within an innovative, adjustable, felt-lined pocket.

Smooth, Quiet Wheels

The Journey's wheels contain metal bearings that ensure a smooth, quiet ride. Their soft construction prolongs the life of your equipment by absorbing shock and vibration

Lifetime Warranty Protection

You can enjoy peace of mind knowing that with any product in the Everki family, you never have to worry about discovering a flaw or defect after the end of the warranty period. Everki's Limited Lifetime Warranty protects your purchase against manufacturing defects over the entire life of the product.
