

1***PULL OUT THE PLASTIC SEPARATOR***

HOLD THE KNIFE BAR FIRMLY AGAINST A FLAT SURFACE WITH A STRONG GRIP, PULL THE PLASTIC TAB IN A VERTICAL MOTION TO REMOVE THE SEPARATOR, TAKING THE BACKING WITH IT.

**2*****IF MOUNTING TO THE REFRIGERATOR***

ATTACH THE KNIFE BAR DIRECTLY TO YOUR REFRIGERATOR'S SURFACE (***WITHOUT THE METAL BACKING***). THEN YOU'RE READY TO BEGIN ORGANIZING!

**3*****IF MOUNTING ON A WALL***

USE THE SCREWS PROVIDED TO SCREW THE BACKING INTO THE WALL. USE THE RECESSED HOLE TO CREATE YOUR GUIDE MARKS AND DRILL YOUR HOLES.

**4*****TAP THE PLASTIC ANCHOR(S) INTO THE WALL***

WITH A HAMMER BEFORE SCREWING THE MOUNT INTO THE WALL. CAREFULLY PLACE YOUR KNIFE BAR OVER THE BACKING. THEN YOU CAN BEGIN USE!

- **CAUTION:** Magnets can damage TVs, computer monitors, credit cards, etc. *Pace makers should be switched to est Mode within 3 feet of the magnet
- **DO NOT** cut or drill into the magnetic board! You will likely hit the magnet, which may result in injury
- Be careful not to pinch your fingers/hand - the force from the Knife Bar to the backing is strong - deal with caution
